

SCM Foundation stands by the US Military Community and Children with Limitations

About SCM Foundation

As part of our Corporate Social Responsibility (CSR) efforts, Simply Maid Clean has launched the SCM Foundation, a nonprofit organization that supports and manages multiple programs aimed at fundraising for the US military community and children in need. SCM Foundation is a considerate program put together to support 2 major causes - provide monetary support to the US Military members and their immediate families and contribute towards pediatric medical disorders and disabled children-in-need. As responsible citizens of the society, we've taken a step ahead to support the less-privileged children and honorable families in the country.

SCM Foundation for Children-in-Need

At SCM Foundation, we support child rights and provide financial assistance to under-privileged kids with disabilities and other chronic medical conditions. To contribute towards a better childhood, we organize awareness programs, fundraising campaigns and work individually and in partnerships to protect and honor child rights. We also sponsor and organize child support activities as follows.

1. Distribution of essential school supplies to underprivileged kids.
2. Delivery and Distribution of bulk supplies to children affected by natural disasters.
3. Monetary support towards homeschooling for children with physical disabilities.
4. Community volunteering activities such as book-reading and storytelling sessions for children outside of school hours.

SCM Foundation for the US Military Community

At SCM Foundation, we honor the most courageous and respectable Americans of this generation by providing financial, moral and emotional support to the families of the US military members as a kind gesture for their ongoing efforts to keep the country a safer place to live. We are currently extending our services to the families of the US Military Community - Army, Navy and Air Force personnel - active, retired and separated from the military and their immediate families to help them cope with the before- and after-effects of war.

We offer an array of programs targeted to support active duty military and their families that include:

1. Gathering funds for the financially-stressed, physically-wounded and mentally-depressed members of the US military and their immediate family members.
2. Organize awareness programs for the family members to cope with the challenges of military life related to mental health such as PTSD, Anxiety, and Depression among others.
3. Raise awareness about gratuity, pensions, housing allowance, medical insurance and eligibility for other forms of compensation to the families of the military community.
4. Provide guidance and personalized assistance for families of the army's fallen on ways to establish financial independence, find alternative employment opportunities and manage kids' education.
